

International Conference on Mathematical Modeling in Physical Sciences

**June 5-8, 2015
Mykonos Island, Greece**

Topics:

mathematical modeling in fundamental physics
evolutionary computation
complex physical and technical systems
software and computer complexes for experimental data processing

methods, algorithms, and software of computer algebra
computational chemistry, biology, and biophysics
new generation computing tools, distributed scientific computing etc

Important dates:

Abstracts due 30 April 2015
Full papers due 15 May 2015

U: <http://www.icmsquare.net>
E: secretariat@icmsquare.net

Venue:

The Conference will be held at the Conference Center of the Saint John Hotel, Mykonos (5*)

Supporting Institutes

University of Peloponnese

Bose Natl. Ctr., Kolkata

University of the Pacific

UTPA

Universidad Andres Bello

MMCSL

California State University

University of Lethbridge

IDAS
