
CONTENTS

Section 1 Condensed Matter Physics and Materials Science Problems

<i>Antoschenko V.S., Migunova A.A., Frantsev Yu.V., Lavrishchev O.A., Nemkayeva R.R., Iminova N.A.</i>	
Study of electrical characteristics of copper oxide films by Hall measurements	4
<i>Antoshchenko V.S., Francev Yu.V., Lavrischev O.A., Antoshchenko E.V.</i>	
Combined solar energy converter	12
<i>Aimagambetov K.P., Chuchvaga N.A., Zhantuarov S.R., Shongalova A.K., Tokmoldin N.S.</i>	
Study of the influence of pricing factors and output characteristics of heterojunction silicon solar cells on their operating payback period.....	19
<i>Tsyganov I.A., Guseinov N.R., Kozhantaeva A.S., Uzakbaeva N.N., Shadiyarbekova A.N., Erbolaev A.A., Isaev A.S., Zhumagulov M.M.</i>	
Influence of technological parameters of obtaining carbon film nanostructures	25
<i>Issabayev B.Sh., Almassov N.Zh., Aliakbarova A.A., Djolmasheva U.K.</i>	
Electronic properties of As ₂ S ₃ thin films.....	32
<i>Shinbayeva A.K., Aldiyarov A.U., Drobyshev A.S., Nurmukan A.E.</i>	
IR spectrometric studies of glass transition of freon CF ₃ -CFH ₂	39
<i>Shinbayeva A.K., Aldiyarov A.U., Drobyshev A.S., Nurmukan A.E.</i>	
IR spectrometric method for recording structural-phase transformations in thin films of cryovacuum condensates	48

Section 2 Theoretical Physics. Astrophysics

<i>Dzhunushaliev V.D., Protsenko N.A.</i>	
The experimental method for testing a non-Abelian dark matter model	56
<i>Boshkayev K.A., Kalymova Zh.A., Abdualiyeva N.S., Brisheva Zh.N., Taukenova A.S.</i>	
Investigation of a test particle motion in the equatorial plane of the axially symmetric gravitational field in terms of the adiabatic theory	67
<i>Valiolda D.S., Janseitov D.M., Zhaugasheva S.A., Zhussupova N.K.</i>	
Investigation of the neutron halo of the ¹¹ Be nucleus	81
<i>Naurzbaeva A.Zh., Alimgazinova N.Zh., Manapbayeva A.B., Ikramova S.B.</i>	
About influence of solar activity and cosmic rays on global climate of the Earth	89

Section 3 Plasma Physics

<i>Turekhanova K.M., Kaliyeva D.S.</i>	
Investigation of kinetic processes in dense plasmas taking into account the effect of screening and quantum mechanical effects of diffraction.....	98

Section 4 Methods of teaching high school physics

<i>Gabdullina G.L., Gabdullina A.T., Khodzhayev D.A., Mukhanova A.K.</i>	
Using interactive methods in training physics	106
