Academic	The purpose of the discipline is to form the competence of students,		
presentation	sustainable knowledge, skills and abilities in the field of the The coding of		
of the course	procedural documents. As a result of studying the discipline, the student will be		
	able to:		
	- operate with a general characteristic of a particular group of criminal		
	offenses or their specific compositions;		
	- assess the social danger of crime and its prevalence;		
	- determine the main areas of activity of national law enforcement agencies in		
	the fight against criminal offenses;		
	- carry out a detailed analysis of the relevant crimes;		
	- apply the norms of the criminal procedural law, scientific provisions and		
	materials of published investigative and judicial practice in solving problems;		
	- apply the Criminal Procedural Code of the Republic of Kazakhstan and		
	other sources of criminal procedural law in professional activities,		
	- Analyze, interpret and apply criminal procedural law orders on liability for		
	specific types of criminal procedures;		
	- analyze and summarize the practice of applying norms that criminalize		
	specific types of crimes;		
	- formulate their own proposals and recommendations on improving		
	criminal procedural legislation and practice of its application.		
Prerequisites	Public international law, the law enforcement agencies of Kazakhstan and the IC, criminal		
	procedure law of RK and IC
