(Ф.И.О., ученая степень, ученое звание, должность)

The program and methodological recommendations for the final exam in the discipline "**Financial Market and Financial Engineering**" were considered and approved at a meeting of the department "Finance and Accounting"

Protocol № 5 from «17 » November 2021

Introduction

Based on the results of training in 15 weeks, the final exam is carried out in the form of an oral exam. The exam is designed to test students' knowledge of the course, analytical skills and judgment on difficult issues and problem solving.

The process of passing an oral exam for a graduate student involves the creation of examination tickets, to which the graduate student must give an oral answer.

The exam is conducted in the form of an offline oral exam

Number of questions in tickets - 1 (evaluation criteria: argumentation of relevance - 25 points, confirmation by data - 25 points, novelty of an idea - 25 points, consistency of conclusions - 25 points).

Highest score - 100

The exam lasts 1 hour.

Exam schedule according to the schedule in the university system.

Examination control is carried out through the presence of an observer
Exam schedule - according to the schedule in the university system.

Topics for which tasks will be composed:
