Social pedagogue in the system of inclusive education: educational-methodological manual/ Magauova A.S., Makhambetova Zh.T. - Almaty: Qazaq University,2021.- p.134

ISBN

The educational methodological manual presents materials on the essence of the activity of a social pedagogue in the system of inclusive education. The essence and content of inclusive education, domestic and foreign experience of organizing inclusive education, the main trends of inclusive education in the Republic of Kazakhstan are revealed. Of particular interest is the modern understanding of the activities of a social pedagogue in the system of inclusive education. The manual deals with the specifics of strategies and technologies of the social pedagogue's work with handicapped persons.
The educational methodological manual is intended for master's students, doctoral students, university lecturers, as well as students of advanced training courses.
