<b>Course description</b>	The main objectives of the course are systematic presentation of students' theoretical knowledge of the principles and provisions of the categories of criminal law sciences, teaching students the correct orientation in current criminal legislation, capacity skillfully interpret and apply the provisions of criminal law, to qualify crimes. The priority should be education of the students' respect for the criminal law as an indisputable way to protect citizens, their rights, freedoms and legitimate interests, and the interests of society and the state from criminal encroachments. An important aspect of the teaching of the course of the criminal law is the active development of inter-subject relationship with general theoretical, and especially with other legal and special subjects of criminal procedure, penal, administrative, civil law, criminology, forensics, operational and investigative activities, and others						
<b>Goals courses</b>	Criminal law is one of the majors studied in higher education institutions of the Republic of Kazakhstan. Teaching criminal law requires disclosure of the socio-political meaning and legal content of the criminal law, the relationship of its constituent norms and institutions, mastering the methods of scientific analysis. In studying criminal law students deepen the knowledge of the content and trends of the legal system, the role of law in the implementation of socio-economic transformation of society, the possibilities and the limits of the criminal law to combat crime.						
<b>Results</b>	1. Knowledge of the theoretical foundations of the Criminal Law of RK and
