<b>10</b>	<p><b>Summary:</b> “My favorite film”.</p> <p>Formatting a Summary. First, have a topic sentence that gives information about the creators and the title of the film you are summarizing. Then, include a few sentences about the actors in movie. Your next step is to summarize the plot elements of the film: What are the critical things that happen, and how are they resolved? Some people like to include a summary of the themes or morals of a film. Then wrap up your summary with a sentence that pulls all of your ideas together about the film. Creativity in a summary is a good way to introduce new ideas and topics into a summary, but consider that it is more important to give accurate information than creative opinions and fillers. It is far more effective to keep a summary shot (20 sentences)</p>		<b>6</b>
