In this textbook «Sociology of Youth» a brief history of the development of youth researches is presented; authors analyze the main concepts and approaches in youth studies. The analysis of tools, methods and practice of issues facing youth in foreign countries, as well as search for new approaches to the understanding of youth's values on the basis of benchmarking has been made.

On the basis of conducted sociological researches the key trends shaping the life plans of young people and especially their ethnic and cultural identity are identified, the dynamics of ideological and spiritual values of youth in modern Kazakhstan is revealed.

This textbook is aimed at master and doctoral students, instructors, as well as everyone interested in the problems of modern society.

Textbook is published in authorial release.

В учебном пособии представлено исследование краткой истории развития молодежи. Авторы анализируют основные концепции и подходы в молодежных исследованиях, инструменты, методы и практики вопросов, с которыми сталкивается молодежь в зарубежных странах, а также проводят поиск новых подходов к пониманию ценностей юноши на основе сравнительного анализа. В результате выявлены ключевые тенденции, формирующие жизненные планы молодых людей и особенно их этнической и культурной самобытности, динамика идеологических и духовных ценностей молодежи в современном Казахстане.

Предназначено магистрантам, преподавателям, а также всем, кто интересуется проблемами современного общества.

Учебное пособие издается в авторской редакции.
