CRITERIA FOR ASSESSING LEARNING OUTCOMES**

ISW 1. Written assignment «My proudest achievement so far» (25% of 100% MC)

Criterion	"Excellent" 20-25%	"Good" 15-19%	"Satisfactory" 10-14%	"Unsatisfactory" 0-9%
Grammatical range and accuracy	A variety of complex grammatical structures is used with some flexibility and accuracy. Grammar and punctuation are generally well controlled, and error-free sentences are frequent.	A mix of simple and complex sentence forms is used but flexibility is limited. Examples of more complex structures are not marked by the same level of accuracy as in simple structures.	A limited range of structures is used, simple sentences predominate. Some structures are produced accurately but grammatical errors are frequent. Punctuation is often faulty or inadequate.	There is little or no evidence of sentence forms (except in memorised phrases).
Task response	The main parts of the prompt are appropriately addressed. A clear and developed position is presented. Main ideas are extended and supported.	The main parts of the prompt are addressed. An appropriate format is used. A position is presented that is directly relevant to the prompt. Main ideas are relevant.	The main parts of the prompt are incompletely addressed. The format may be inappropriate in places. The writer expresses a position, but the development is not always clear. Some main ideas are put forward, but they are limited and are not sufficiently developed.	No part of the prompt is adequately addressed, or the prompt has been misunderstood. No relevant position can be identified, and/or there is little direct response to the question/s. There are few ideas, and these may be irrelevant or insufficiently developed.
Lexical Resource	The resource is sufficient to allow some flexibility and precision. There is some ability to use less common and/or idiomatic items. An awareness of style and collocation is evident. There are only a few errors in spelling and/or word formation and they do not detract from overall clarity.	The resource is generally adequate and appropriate for the task. The meaning is generally clear in spite of a rather restricted range or a lack of precision in word choice. There are some errors in spelling and/or word formation, but these do not impede communication.	The resource is limited but minimally adequate for the task. Simple vocabulary may be used accurately but the range does not permit much variation in expression. Errors in spelling and/or word formation may be noticeable and may cause some difficulty for the reader.	The resource is extremely limited with few recognisable strings, apart from memorised phrases. There is no apparent control of word formation and/or spelling.

<p>Coherence and cohesion</p>	<p>Information and ideas are logically organised, and there is a clear progression throughout the response.
