Academic discipline policy	<p>The academic policy of the discipline is determined by the Academic Policy and the Policy of Academic Integrity of KazNU Al-Farabi. Documents are available on the main page of IS Univer.</p> <p>Integration of science and education. The research work of students, undergraduates, doctoral students is a deepening of the educational process. It is organized directly at the departments, laboratories, scientific and design departments of the university, in student scientific and technical associations. Independent work of students at all levels of education is aimed at developing research skills and competencies based on obtaining new knowledge using modern research and information technologies. A research university teacher integrates the results of scientific activities into the topics of lectures and seminars (practical) classes, laboratory classes and into tasks of the SIWT, SIW, which are reflected in the syllabus and are responsible for the relevance of the topics of training sessions and tasks.</p> <p>Attendance. The deadline for each task is indicated in the calendar (schedule) for the implementation of the content of the discipline. Failure to meet deadlines results in loss of points.</p> <p>Academic honesty. Practical/laboratory classes, SIW develop the student's independence, critical thinking, and creativity. Plagiarism, forgery, the use of cheat sheets, cheating at all stages of completing assignments are unacceptable. Compliance with academic honesty during the period of theoretical training and at exams, in addition to the main policies, is regulated by the "Rules for the final control", "Instructions for the final control of the autumn / spring semester of the current academic year", "Regulations on checking text documents of students for the presence of borrowings."</p> <p>Documents are available on the main page of IS Univer.</p> <p>Basic principles of inclusive education. The educational environment of the university is conceived as a safe place where there is always support and equal attitude from the side of the teacher to all students and students to each other, regardless of gender, race / ethnicity, religious beliefs, socio-economic status, physical health of the student, etc. All people need the support and friendship of peers and fellow students. For all students, progress is more about what they can do than what they can't. Diversity enhances all aspects of life. All students, especially those with disabilities, can receive advisory assistance by phone 8 777 206 0001 toktybekov.prok@mail.ru https://us04web.zoom.us/j/4175819644?pwd=UWFtS0hicFVick5vaE5WSy83WUVxZz09 https://teams.live.com/l/invite/FEAOhRY5m0bHxAnbQE</p> <p>MOOC integration (massive open online course). If MOOC is integrated into the discipline, all students must register for MOOC. The deadlines for passing MOOC modules must be strictly observed in accordance with the schedule for studying the discipline.</p> <p>ATTENTION! The deadline for each task is indicated in the calendar (schedule) for the implementation of the content of the discipline, as well as in the MOOC. Failure to meet deadlines results in loss of points.</p>

INFORMATION ABOUT TEACHING, LEARNING AND ASSESSMENT

Score-rating letter system of assessment of accounting for educational achievements				Assessment Methods
Grade	Digital equivalent points	points, % content	Assessment according to the traditional system	<p>Criteria-based assessment is the process of correlating actual learning outcomes with expected learning outcomes based on clearly defined criteria. Based on formative and summative assessment.</p> <p>Formative assessment is a type of assessment that is carried out in the course of daily learning activities. It is the current measure of progress. Provides an operational relationship between the student and the teacher. It allows you to determine the capabilities of the student, identify difficulties, help achieve the best results, timely correct the educational process for the teacher. The performance of tasks, the activity of work in the classroom during lectures, seminars, practical exercises (discussions, quizzes, debates, round tables, laboratory work, etc.) are evaluated. Acquired knowledge and competencies are assessed.</p> <p>Summative assessment is a type of assessment that is carried out upon completion of the study of the section in accordance with the program of the discipline. Conducted 3-4 times per semester when performing SIW. This is the</p>
A	4,0	95-100	Excellent	
A-	3,67	90-94		
B+	3,33	85-89	Good	

				assessment of mastering the expected learning outcomes in relation to the descriptors. Allows you to determine and fix the level of mastering the discipline for a certain period. Learning outcomes are evaluated.	
B	3,0	80-84	Satisfactory	Formative and summative assessment	
B-	2,67	75-79		Activity at lectures	
C+	2,33	70-74		Work in practical classes	30
C	2,0	65-69		Independent work	30
C-	1,67	60-64		Design and creative activity	0
D+		55-59		Final exam	40
D		50-54	Unsatisfactory	TOTAL	100
FX	0,5	25-49			
F	0	0-24			

Calendar (schedule) of the implementation of the content of the discipline. Methods of teaching and learning.

Week	Name of Topic	Num. of hours	Max. score
MODULE 1 Financial activities of the government			
1	L 1. The issues of the concept and general characteristics of the financial activities of the state. Methods and forms of financial activity.	1	
	LC 1. The issues of the concept of financial activity of the state. Financial system and analysis of its composition.	2	7
