Peculiarities of coping with psychological trauma in the situation of disintegration of conjugal relationships: Monograph / G.K. Slanbekova, M.P. Kabakova, M.C. Chung.– Almaty: Evero, 2020.– 180 pages.

**ISBN 978-601-342-715-7**

The monograph is devoted to theoretical study and experimental research of social-psychological factors of coping with psychological trauma in a divorce situation. The obtained data and materials presented in the monograph will complement the courses "Psychology of Family and Marriage", "Cross-cultural Studies of Marriage and Family Relations" for students and undergraduates of the specialty "Psychology".

The work is addressed to specialists in the field of family psychology, students, undergraduates and doctoral students of the specialty "Psychology", as well as to all those who are interested in family and marriage problems.
