### **The concept and essence of prosecutorial supervision**

**Abstract.** This article discusses the concept and essence of prosecutorial supervision in the Republic of Kazakhstan. Speaking about the importance of prosecutorial oversight and gives it definition.

**Keywords:** prosecutor's office, prosecutor, court, law.

Public prosecutor's supervision is a highest supervision which is exercised by the Chief prosecutor and other prosecutors of the state to watch process of implementation of laws, at all stages of activity of legal entities, people, also human rights bodies (to analyze, premature investigation, consideration of a problem by court, and performance of others the requirement the order of court).

Bodies of prosecutor's office even if are connected functionally with three types of the power, but to one aren't subject. Such peculiar condition of prosecutor's office in government institution gives the chance to balance types of the power and to carry out them in action as the separate type of the state work leaves public prosecutor's investigation.

Firstly, public prosecutor's supervision is a special and only type of the state work which the state, social, and other organizations, legal entities, except prosecutor's office can't make in any way.

Secondly – public prosecutor's supervision is carried out by the Republic of Kazakhstan. Importance of these rules is defined by how the prosecutor carries out investigation by both definition of offenders, and undertaking of measures for guilty of an offense.

Thirdly, public prosecutor's supervision – a special type of the state work. And feature from other state works is check of saving of the Constitution of RK, performance lawful the requirement, and coincidence of legal acts to the law [1].

According to the big encyclopedic dictionary the prosecutor in French of "procie", and in Latin "забуцусь" is a stately person of body of prosecutor's office. In court it represents interests of the state.

Public prosecutor's supervision differs in other directions of the state work, especially in performance state functions by purpose of.

Some investigations which are assigned to bodies of court and separate state bodies make only one department of this work.

For state bodies is a work of division and performance; for bodies of court is justice of court. The public prosecutor's power has the feature which distinguishes it from the state and judicial authority. When performing public prosecutor's investigation, doesn't change the decision of other bodies with the decisions, except listed in the law, doesn't undertake a measure for offenders and on the contrary, demands to destroy an offense of judicial authority, government body. Public prosecutor's supervision doesn't disturb work of administrative work, but thus investigates an offense. The subject of the highest investigation of implementation of the law, order, decree is the Chief prosecutor of the Republic of Kazakhstan and his subordinates.

Importance of public prosecutor's supervision- it is carried out by management of the president on behalf of the state, it submits only to the Chief prosecutor of the Republic of Kazakhstan [2].

Public prosecutor's supervision works for all areas, the government, all ministries and departments, and to their subordinated departments, all productions, despite the owner of property and social the organization and citizens of the state who has no citizenship, and foreigners.

Public prosecutor's acts which are based the law and entered by the rule correspond to all bodies, the organizations and citizens [3].

Importance of public prosecutor's supervision is defined by our role of the social right.

And so, importance of public prosecutor's supervision is carried out by the President on behalf of the state, and submits only to the Chief prosecutor of the Republic of Kazakhstan.

Public prosecutor's supervision works for all areas, the government, all ministries and departments, and to their subordinated departments, all productions, despite the owner of property and social the organization and citizens of the state who has no people, and foreigners [4].
